Due upon receipt. In the event of non-payment, or if collection assistance is required, I agree to pay all cost of collection including but not limited to reasonable attorney's fees and court costs. Past due accounts are subject to a monthly finance charge of 1-1/2% (APR 18%). Reduced rates are based on annual commitments and special arrangements. If contracted agreement cannot be honored, regular rate card rates will be in effect retroactively for the duration of the schedule.
